Service to his clients and service to his community is what it is all about for personal injury attorney Steve Pajcic. For more than four decades, he has pursued justice for individuals and families who have suffered a serious injury or wrongful death due to someone else's negligence.

When Steve and his brother Gary founded The Law Firm of Pajcic & Pajcic in 1974, their goal was to make a difference in the community. Through Steve's public service, his philanthropic donations, and a commitment to each and every client, he has accomplished that goal and so much more.

"Our number one priority is our clients," says Pajcic. "All of us in the firm believe in treating our clients like members of our own family. That is why so many stay in touch with us long after their cases are resolved. We are so proud of our reputation, and we build that reputation one client at a time."

Pajcic & Pajcic is one of the few firms on Martindale-Hubbell's list of Top Ranked

Law Firms – Southeast that holds a perfect 5.0 rating in client satisfaction. Pajcic says, "People come to us at one of the darkest times in their lives. They've either suffered a catastrophic injury or lost a loved one because someone else made a mistake. There is no way to turn back the clock and change what happened, but we must fight to do everything we can so they are fairly compensated for their suffering. The attorneys and staff at Pajcic & Pajcic know how to dig deep for answers. I am so proud

that our hard work has led to improvements in vehicle safety and patient safety following significant verdicts. Pajcic & Pajcic has handled more than 8,000 personal injury and wrongful death cases, recovering over \$3/4 billion for our clients."

It has been quite a blessing for Steve that he is able to work in the law firm with his son, Michael, and three of his late brother's sons, Curt, Curry, and Seth. They all cut their teeth in other areas of law prior to joining Pajcic

& Pajcic. Steve knows, along with the other attorneys in the firm, Pajcic & Pajcic will be in great hands for many decades to come.

All of the successes Steve Pajcic has had in the courtroom have given him the opportunity to give back to the community he loves so dearly. He has donated \$1 million to establish a college scholarship program for graduates of his high school, \$1 million to entice better teachers to his old urban elementary school, \$2 million to Edward Waters College, and countless other contributions that have helped the environment, given children playgrounds, and helped provide staffing at local parks so children and teens can be safe.
